4 $\frac{1}{2}$  - lots of people, busy, lightly clothed, clothes were  
were thin and light/white in color. There wasn't anything  
unusual about their height for their times, they seemed to be  
a little shorter than the average for people ~~today~~. Their  
dress was all very similar and seemed to look like a tunic  
with a belt at the waist and was about mid-thigh length.  
mostly people with black hair. Sun-tanned, bronze skin.  
Average height is about 5'5" to 5'8".
